GP Bottles, a China based company, Active in the design, research, development, manufacturing glass bottle, cap, sprayer and other accessories of perfume packaging for global partners.

On account of the different material and processing for different components, it's not easy to purchase with one supplier. Therefore, GP Bottles is founded to unite quality manufacturers located in China to manufacture refined perfume packaging.

As the co-founder of GP Bottles, Mr. Ben has been involving in the industry of perfume packaging manufacturing for over 12 years. GP Bottles pursue the competitiveness on creative, quality control, technology and sustainable development.

"Every bottle has its independent personality, it's alive, we need to create them by heart initially."
